☐ Please check if any of the above information has changed since previous year.

II. Mining and Reclamation

1. Was there any mine related activity during the past year? Yes ☒ No ☐
2. If no - what was the last year of activity? _____
3. If yes - how much ore or mineral was mined? No ore or minerals were taken from site

4. Briefly describe the type of work performed, volume of material moved, and any new or additional surface disturbances that occurred during the past year.

There was a over hang over the pit we removed it by light blasting and digging.

5. How much **additional** acreage was disturbed during the past year? None

6. How much acreage was **reclaimed** during the past year? None

7. Briefly describe the reclamation work performed during the past year. This description should include methods employed, and an evaluation of the results.

None was performed. We have not disturbed much ground.

8. What is the **total** disturbed acreage of entire project at years end? 10 Feet.

9. Briefly summarize any mining and/or reclamation plans for the upcoming year.

We will continue with mining plan. All we take from the mine is Red bent. so heavy mining is unaffactive. Light mining by hand is all we plan to do. Reclamation will come after are plan of operations has been accomplished.

NOTE: Section III., "Additional Information" applies only to **large mining operations**.

III. Additional Information - R647-4-121.2 and .3

1. The operator shall include an updated map depicting surface disturbance and reclamation performed during the year, prepared in accordance with Rule R647-4-105.
2. The operator shall keep and maintain timely records relating to his performance under the Act, and shall make these records available to the Division upon request.

IV. Signature Requirement

I hereby certify that the foregoing is true and correct.

Name (Typed or Print):

David Adams

Title of Operator:

Partner

Signature of Operator:

David Adams
